

# Do you want to do more to help protect *all* animals from abuse?

## So do we.

**Animals  
Australia**  
the voice for animals

As you read this, a mother pig is lying in a barren cage unable to turn around; her piglets' tails and teeth have been cut without pain relief. She is one of the millions of sensitive animals subjected to routine abuses at the hands of profit-driven animal industries. Denied the protection of animal cruelty laws, *we* are their hope for a kinder future.

Animals Australia is the only national organisation that actively exposes animal abuse and promotes a cruelty-free lifestyle. Our experienced campaigners and investigators work tirelessly and intelligently to protect the most vulnerable animals in the country—with unparalleled results.

This crucial work is underpinned by the generosity of our monthly donors. **With your support we can achieve even more.** Become a 'Frontliner for Animals' today, and help us create a kinder world for *all* animals.
